CONCRETE BENCH 268 F ES exposed aggregate

The concrete bench model ****268-F**** elegantly combines a curved shape with the delicate exposed texture of the surface and the natural warmth of wood. The concrete is high-strength and fiber-reinforced with a homogeneous structure of marble or granite particles of precisely defined size. The model features a luxurious wooden seat, and the integration of a backrest up to halfway along the bench breaks up the design and adds additional comfort. The metal components making up the seat and back of the bench are made of stainless steel. The elegant wooden elements are ...
